

# Travel Health Clinic for Sale – Whitehorse, YT

---

## 1. About the Opportunity

This is a rare chance to own a well-established travel health clinic in the heart of Whitehorse, Yukon. If you're a registered nurse, this is a turnkey operation with a strong local reputation and room to grow — or keep it simple and steady.

The current owner is selling to focus on family and personal priorities. This is a great opportunity for someone who values flexibility, independence, and meaningful work in a growing field.

---

## 2. Who This is Perfect For

This clinic is ideal for:

- A Registered Nurse looking for part-time, independent work wanting to own and operate a small business with flexible hours
- 

## 3. What's Included

- Fully operational and branded clinic setup
- Streamlined systems and client intake processes
- Large inventory of vaccines ready for continued operation
- All medical supplies and equipment needed for immunizations and clinic function
- Training and transition support from the current owner
- Option to operate solo or expand services

---

## 4. Workload & Flexibility

The clinic is currently run by the owner in 15-20 hours per week, with consistent demand.

You set your own hours and control how much or how little you take on. It's perfect for someone wanting to maintain work-life balance while running a meaningful business. You can keep the current setup or expand based on your goals.

---

## 5. Asking Price & Valuation

Asking Price: \$125,000 CAD

This is a fair and competitive price for a turnkey healthcare business. Similar service-based businesses often sell for more at about 3 to 5 times their annual profit. At this price, the clinic offers strong value based on its established operations, existing client base, and growth potential — with minimal overhead and flexible management options.

Detailed operational and financial summaries are available upon serious inquiry.
