

Biosecurity Program Development Lead (Contract)

Location: On-Site with some travel required

Contract Length: Ending December 30th, 2026

Hours Per Week: 40

Anticipated Start Date: March 30th, 2026

Are you a detail oriented, eager to learn professional who loves solving complex problems?

Maple Lodge Farms is looking for a Biosecurity Program Development Lead (Contract) to help us modernize our Biosecurity program. This is your opportunity to work on structuring best practices for on farm and travel biosecurity protocol. You will have the opportunity to collaborate with our on-farm partners and hatchery organization to make a measurable impact – without long-term commitment.

If you enjoy conducting live trials and developing ready to use solutions, keep reading/

What you will be working on

In this contract, you will:

- On farm and travel biosecurity practices and recommendations synthesis and summary.
- Updated biosecurity SOPs and sourced necessary additional materials
- Facilitate implementation of updates, procurement of supplies, and train on new material usage to Breeder Service Team.
- Evaluate and adjust SOPs and materials based on live trials
- Provide turn-key solution for improved biosecurity to hand off to the Breeder Service Team

What We're Looking for

You'll thrive in this role if you have:

- SOP Writing experience

- Exposure to poultry industry, livestock agriculture, lab animal, or medical PPE & biosecurity assets
- Computer literacy and competency in MS office Suite (Word, Excel, PowerPoint, PowerBI etc.)
- Epidemiology or biosecurity courses or experience

If this sounds like your kind on contract, we'd love to hear from you.

Applications can be submitted to:
